ABHIJEET RAY

Web Developer

📞 +9*1 8077688145`   📍 dehradun, India   ✉ abhijeet11ray@gmail.com

I'm a passionate and detail-oriented Full-Stack Web Developer with over 4 years of experience building scalable, user-friendly web applications. I enjoy working with modern tools like React.js, Next.js, TypeScript, and Tailwind CSS, and I'm comfortable handling backend tasks with Supabase, PostgreSQL, and MongoDB. I love tackling tough challenges and creating high-quality solutions that make a real difference for users and businesses.

Projects

CinemaConnect Website (2025) *Link* live

Developed a social platform for movie enthusiasts with Next.js, Supabase, and PostgreSQL.
Implemented real-time chat, user authentication, and a personalized reel viewer, driving a seamless community
experience.
Deployed on Vercel, achieving 99.9% uptime and scalable performance.

CinemaConnect Browser Extension (2025) *Link* live

Built a companion extension to enhance the CinemaConnect experience, integrating with the website via Supabase APIs.
Added features like quick movie lookups and watchlist syncing, improving user productivity

EduSell Course Management System (2024) *Link* live

Developed a comprehensive course-selling platform, "CinemaConnect," leveraging Next.js, MongoDB, and NextAuth for secure user management. Integrated Firebase Authentication for enhanced security, Razorpay for seamless payment processing, and an intuitive admin panel for efficient course administration. Deployed on Vercel for optimal performance and continuous delivery.

Work Experience

June 2024 - September 2024 **Virtual Real Design - Dehradun – Web Developer Intern**

Contributed to a SaaS website built with Next.js, focusing on feature development and UI enhancements.
TailwindCSS, NextAuth, API, Material UI

May 2023 - January 2024 **Snsthinkhub - Dehradun, Uttarakhand – Web Developer**

Developed a course listing and user interaction website using Next.js, Firebase, and MongoDB, RazorpayAPI.
Integrated APIs for seamless data flow and enhanced user experience
Collaborated with cross-functional teams to deliver projects on time
